

Once again Saturday, October 9, 2021, the Brazos River Corvette Club (BRCC) will be hosting Corvettes on the Square charity car show. This is the club's 15th annual charity fundraiser. Visitors enjoy seeing cars over the span of 67 years. A Silent Auction, 50/50 tickets and live music from Michael Alexander are just part of the fun during the show. Over the years the BRCC has donated over \$130,000 to local charities through this annual event. Some of the charities that have been beneficiaries have been: Face the Fire Ministry (a Brian Birdwell sponsored charity benefiting families of military burn victims), the Salvation Army, Habitat for Humanity, Ruth's Place and the Mission Granbury Veterans Program.

Founded in 2003 as a Granbury based Corvette owners club with less than a dozen members; the BRCC has grown to over 80 members and 100 cars, the oldest is a 1960 Convertible. One member's car, a 1963 split window and has raced HMSA and SVRA racing associations at Mid-Ohio, Laguna Seca, Monterrey, and Road Atlanta. The 1963 split window raced in the Historic portion of the Dallas Grand Prix in 1984. Beside social activities and the pleasure of owning their beautiful cars, club members are motivated giving their time and money to our wonderful community.

The revenue for charity donations comes from the hard work the membership donates to making the Car Show a great success. Every dollar generated by the show (through registration fees, 50/50 drawing, silent auction and donations from merchants and club members is given to charity. This year will be benefiting People Helping People of Granbury.

Beside the hard work, there are other factors that make this show so wonderful. The Granbury Courthouse Square serves as a beautiful venue. The Square offers places to eat and shop. October fest will be in full swing at the same time just a block away. The awards (donated by iWire Solutions) are high quality desirable plaques and trophies. October has been a good month for a car show as the fall season approaches. The show is well organized (thanks to Bob and Theresa Halford of the BRCC) with over 100 corvettes on display. Over 20 judges are used to make sure awards are given out fairly. BRCC member's cars are displayed but not allowed to compete. These are just a few reasons Corvette owners come from near and far to enter our show.

If you love beautiful cars, put October 9th on your calendar.

ADMISSION: NO CHARGE

HOURS: 8AM to 3PM
