**2020
BRCC PRESIDENT
ALLAN KETTLEHUT**

Hello out there ! Where are you? That seems to be our new normal. And it does not look like it is going to change anytime soon. But some of us have been getting together.

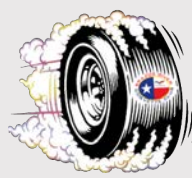

We have had 2 Friday night "Cruise in's" held at the Plantation Inn in Granbury. On July 3rd we had 11 Corvettes and about 15 members there and on July 17th 8 Corvettes showed up, about half were different from the first gathering. We bring chairs and sit in the shade at the correct social distance and just talk. We start at 7pm and usually start departing around 8:30 pm. Very casual just a chance to get caught up a little on what's going on or what is not going on.

Unfortunately I do not know yet if we can have our Aug 6th meeting at Spring Creek BBQ. I will send an email to all members by the first part of August to let you know one way or the other.

On a positive note I plan to lead a Saturday Cruise on August 1st. We will meet at the new Kroger parking lot at 10am and depart at 10:30am. It will be a round trip out and back to Granbury with no stops for sightseeing or lunch. We will end up going around Granbury Square and depart for home from there. Those that want to can park and have lunch at one of the many restaurants around the square. It is time to drive our Corvettes !!!

Be safe, have fun. Our cars can be our escape. Cheers

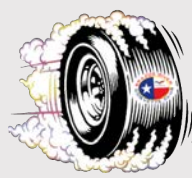

Allan Kettlehut

We'd love to show you the new ZR-1, but you know how it goes.

- New 5.7-liter, 375-HP, 32-valve V8 engine. • 0-60 in 4.3 seconds*
- Lateral acceleration: 0.91g*
- Selective Ride Control suspension
- Bosch electronically controlled 4-wheel anti-lock brake system.
- PASS-Key® anti-theft system.

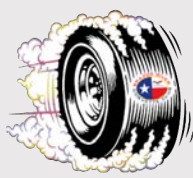

THE Heartbeat OF AMERICA IS WINNING. TODAY'S CHEVROLET

Corvette ZR-1. This machine has elevated the standards of performance dramatically, bringing the German and Italian exotics to their knees, and the automobile critics to their feet. *Road & Track:* "This car ushers in a new era, in which we are no longer faced with either-or choices...now we can have it all! And though the Corvette ZR-1's performance is virtually unlimited, its production is. So while millions of people can merely dream about the Corvette ZR-1, only a select few will really be able to tell us how it goes. They'll know why nobody's winning like The Heartbeat of America."

For your present collection of the 1990 Corvette models (Corvette and Corvette ZR-1), send your name, address, phone number, and check or money order (U.S. funds only) for \$9,000 to: The 1990 Corvette Collection, P.O. Box 30093, Lansing, MI 48906. Please allow 4-6 weeks for delivery. Michigan residents add 4% sales tax. Please make check or money order payable to: The 1990 Corvette Collection.

Totaled 2020 Chevrolet Corvette That Went Viral Is Up For Sale

This 'Vette's unfortunate fate is a reminder of why it's so crucial to check - and double-check - all the available pertinent information regarding proper jack points and procedure. The new mid-engine Corvette has a more rear-biased weight balance than any production version before it, so it requires support further back than on most cars. Assuming you know better can be a costly mistake to make.

If there's a silver lining, it's that there is an insanely low-mileage C8 out there, just waiting to be acquired on the cheap by a talented rebuilder.

Learning How to Use the C8 Launch Control

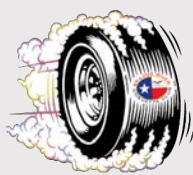

C8 Corvette can dash to 60 miles per hour in the 2-second range with the high tech system.
