Christine Copeland	July 14
Jan Hulet	July 12
Linda Watkins	July 25

Anniversaries

Terry & Betty Keck	July 5
Ed & Peggy Pultorak	July 23

**2020
BRCC PRESIDENT
ALLAN KETTLEHUT**

Things are at least getting better. Places are opening up, and there are places to go now. Yes with caution and planning.

That is how my July Newsletter started when I wrote it On June 21st. Things have changed again for the worse. The next two paragraphs were from the original letter, enjoy what could have been.

SpringCreek BBQ is now open and the side room we use for our meetings is now available again. Therefore we will have a meeting on July 2nd. Some of you will not attend out of caution, and that is OK. However, I believe we as a club need to restart some activities if we are to have any future.

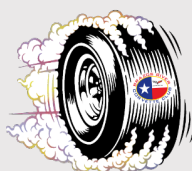

The City of Granbury cancelled the 4th of July parade and 3 weeks later put it back on the schedule again. Our club will be in the parade as they gave us permission for 6 cars to participate. I asked for volunteers and our members responded. Besides myself, Jim and Cindy Morris, Billy and Vinceen Parks, Bud and Wanda Sparks, Bryan Houser and Jana Dorr, and Bob and Theresa Halford will represent our club in the parade.

Now back to reality. The Friday cruise is still on for the 3rd of July. One chance left. I HOPE !

JC Stone who is with the Plantation Inn in Granbury, located at 1451 E Pearl St., has invited our club to hold cruise nights at their location every other Friday. The Granbury Car Club is going to hold their cruise night at the same location on the Friday nights that we are not there. Our first try at this will be Friday July 3rd starting at 7pm. This event will be a way of getting together, but at the same time easy to keep proper social distance from each other. I hope you all consider this opportunity for a safe get together

Wishing everyone the best as we deal with these strange times. Cheers

Allan Kettlehut

padded arm visors and windshield wiper standard.*

'67 Corvette

Good second hand car.

Go ahead. Match the Corvette Sting Ray against the second hand. Put it through its paces the way you think a car like this one ought to be tried. Then come talk to us about sports cars.

Tell us of another sports car with Corvette's

combination of comfort, convenience and pure performance.

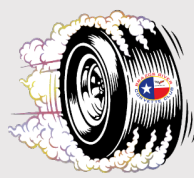

Tell us of another sports car you can tailor so exactly to your desires—five engines, three transmissions, axle ratios from here to there and back again. And there are

two different models. Mix to suit yourself.

Show us another luxury sports car—even at twice Corvette's price—that can stop a watch the way the Sting Ray can. Go ahead. Tell us.

If you can.

C8 Corvette Assembly Plant

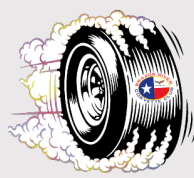

Corvette C8 production is a hot topic these days due to the way COVID-19 has messed up the timeline. The delays and disruptions that came with the pandemic have Chevrolet working hard to get as many C8 Corvettes out to customers who have ordered them.

For the July 4th celebration the plant will shut down, and because of this workers are currently putting in overtime at the assembly plant in Bowling Green, Kentucky.

The plant will shut down June 29-July 3rd the days leading up to July 4th, according to Corvette Blogger. It will re-open on July 6th so that workers can come back refreshed and ready to go. When the doors reopen, the second shift will also start. So far the plant has rolled 4,150 cars off the end of the assembly line. With the second shift starting up that number should go up considerably.

So far, COVID-19 hasn't messed up production as it did so the first time. Unsure what measures the facility is taking place to keep its workers safe, but whatever it's doing appears to be working. If this keeps up, the facility should be able to really move the needle on production numbers.

Learning How to Use the C8 Corvette's Launch Control

By **Patrick Rall** - June 25, 2020

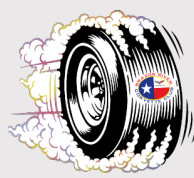

C8 Corvette can dash to 60 miles per hour in the 2-second range with the high tech system.
